# YONDER BOYS

The Yonder Boys are a Berlin based Old-Time Americana String Band, with roots imbedded in Bluegrass with beautifully sung close harmonies. The band features the duo of Jason Serious (guitar) and David Stewart Ingleton (banjo) who have performed as support for Billy Bragg, The Wood Brothers, Timber Timbre, Other Lives, and Nathaniel Rateliff. They have also performed at such well-known festivals as the Truck Festival in Oxfordshire and Maverick Festival in Suffolk, England. Joining them are multi-instrumentalists Tomás Peralta (double bass, mandolin and lapsteel) and Matthias Itzenplitz (mandolin and flatpicking guitar). The name “Yonder Boys” comes from the fun fact that all four players hail from separate continents around the globe. Their self-titled EP is out now on Blue Whale Recordings.
